

On going training

For those who have completed the 6 Basic SRE training modules, you are required to do some kind of on-going training each year (minimum of 2 hours a year). This needs to be child/youth related and could be adapted to use in SRE. E.g. read a book, develop a new skill, attend a conference that discusses children/youth development. Something that up-skills you.

Write in when, where and by whom. (This is based on an honour system)

Module 6 Observation in the Classroom

Module 6 is an observation lesson where you are observed by someone you feel you can learn from (i.e. another SRE teacher, coordinator, pastor). For those who are in remote areas and not able to have such a person observe, there is a form that you may give the classroom teacher to fill out. Please ask permission of the principal first.

Both templates are available on the website.

We encourage you to observe someone else too. Peer learning is a wonderful experience.

For Baptist folk - upon completing Mod 6, observation lesson/s, please email the date you did it/them to sre@nswactbaptists.org.au.
