August 3, 2018

Greetings GodSpace users,

Here at GodSpace we endeavour to provide age appropriate, sensitive and relevant curriculum, materials and resources for the teaching of the Christian faith in an educational setting. These are Bible based, relational, relevant and engaging resources for a variety of contexts across Australia. We are constantly reviewing our material to ensure that it meets the high standard that we aim to provide.

However we do recognise that as a result of ongoing assessments, we make the following recommendations:

1. Yellow 2018 Lessons 22 and 23 not be used this year till it is revised and rewritten.
2. The use of the song 'I AM Who I AM' which can be found on the Power Tools for the Yellow Book 2018 and accompanies Unit 6: God's Rescue Man - Moses, only be used with children over the age of 10 and that teachers/instructors must think carefully about their class and context before choosing to use this song. This may involve getting further advice from a coordinator/supervisor.

When teaching any stories, particularly from the Old Testament, which does have a number of different aspects to today's way of thinking, it is our desire with the updated GodSpace curriculum to not focus on the negative or gory aspects of life in those times but rather to emphasise the positive teachings about God and the Bible.

May you continue to find GodSpace a helpful resource to use in your school setting to explain about the Bible and God's message for humanity.

If you have any further questions please feel free to contact us,

Blessings

*Lisa Andrawes*
